Catholic Education

A R I Z O N A

Changing lives one scholarship at a time.

Our Mission

We provide scholarships to underserved children to change lives, serve society, and transform culture.

Catholic Education Arizona partners with an independent, third party to provide an in-depth financial needs analysis of its applicants. For more than 20 years, Financial Aid Independent Review (FAIR) has worked with institutions throughout the nation to calculate tuition scholarships for families. Need is defined in a variety of ways, and not always based on income alone.

CEA and FAIR provide ample opportunity for a family to share circumstances not notable in the application, to help provide a more thorough understanding of the family's ability or inability to help support their tuition obligation.

CEA is the first STO to notify schools and families of their annual scholarship awards, providing peace of mind and the ability to acquire additional sources of funding if necessary.
