Corporate Profile

“Grand Canyon University prepares learners to become global citizens, critical thinkers, effective communicators and responsible leaders by providing an academically challenging, values-based curriculum from the context of our Christian heritage.”

Grand Canyon College was chartered on Aug. 1, 1949, with 16 faculty and approximately 100 students in Prescott, AZ. In 1951, the college relocated to a 90-acre tract in West Phoenix and was accredited in 1968 by the Commission on Institutions of Higher Education.

It was originally established as a Baptist-affiliated institution with an emphasis on religious studies. In 2008 the university recruited a new leadership team to envision a future that centered around a hybrid campus strategy—combining traditional with non-traditional students.

The university increased its campus student body from under 1,000 students in 2009 to over 19,000 students in fall 2017, where the incoming student GPA was 3.5. GCU’s non-traditional student body increased from approximately 22,000 students at the start of 2009 to over 80,000 students currently. In 2018, GCU transitioned to a 501(c)(3) institution.

“

GCU is a firm believer in making Christian education affordable and accessible. The Low- Income Corporate Tax Credit provides many families with opportunities for their child to attend a school that will enhance their Christian faith by being in such a setting. Some of these families would not be able to afford a ‘faith-based’ environment for their child otherwise.”

Per state law, a school tuition organization cannot award, restrict or reserve scholarships solely on the basis of donor recommendation. A taxpayer may not claim a tax credit if the taxpayer agrees to swap donations with another taxpayer to benefit either taxpayer's own dependent.
